At present each competitor must discount the results from 4 shows throughout the year. This is to be fair to people who give up shows to judge or to compete across the water which ultimately raises the standard here. Each competitor should highlight the 4 shows

they wish to be discounted. These should be the same shows for all dogs handled by that competitor

If there are overseas competitors at a show, many of whom tend to be placed in the top 5, you may still be eligible for points even though you are placed 7th or 8th. It's your responsibility to check. *It would be helpful if clubs could facilitate this by ensuring that names of dogs and handlers, as well as numbers, are displayed on the results sheets.* New competitors should check with their trainers if they are unsure as to where other competitors are from.
